

Gangway Safety Net

Gangway Safety Net – Reliable Fall Protection for Marine and Industrial Use

Ensure safety and prevent accidents with our **Gangway Safety Net**, designed to provide a dependable barrier beneath gangways, ladders, and walkways on ships, docks, and offshore platforms.

Made from **high-strength, weather-resistant synthetic fibers**, this net is ideal for **preventing tools, equipment, or personnel from falling during boarding or access operations**.

With reinforced edges and secure mounting points, the gangway net is **easy to install and remove**, making it a trusted safety solution for ports, marine vessels, oil rigs, and industrial environments.

Perfect For:

-
- Ship gangways and boarding areas
- Offshore platforms and oil rigs
- Dockside access points
- Ladder safety zones
- Industrial walkways

Standard Size : 5 x 10 m

Available in **custom sizes and mesh dimensions** to suit your specific safety requirements.
